WHEREAS, the budget for that fiscal year is required to be adopted by May 1st preceding the next fiscal year which starts on June 1st; and

Village Clerk
Village of Pittsford, New York

CHANGE OF MONTH OF VILLAGE ELECTION

Mayor Plummer stated that the board is considering changing the date of village elections. The board initially voted to create a resolution to change the village election date from March to June. Still, she had hoped to amend the referendum to give residents a choice between June or November for the new election date. The board is still working to determine the proper process and timeline for putting this referendum before the voters, as they received conflicting information from different sources. Trustee Cove stated that when she initially brought the idea for change before the board, it was so newly elected officials did not take office in the middle of a budget cycle. Trustee Cove also stated that NYCOM's recommendation was to not have local elections simultaneously with the national and state elections. Mayor Plummer added that Governor Hochul recently signed into law that all cities and towns will cycle on the even years with national, state, county, and local town elections in November. She also stated that she spoke with representatives in Albany who anticipate this being mandated for village elections. Trustee Marshall stated that he would like to see the village elections in June so that they would be moved away from the budget cycle and to keep local issues separate from state and national elections. Mayor Plummer reiterated that she wants both date choices on the referendum to give residents the option.

Motion by Trustee Marshall and seconded by Trustee Cove *to approve the resolution as presented.*

Vote: Plummer – nay, Lanphear – yes, Leitgeb – yes, Cove – yes, Marshall – yes. *Motion passed.*
